Welcome

The Indiana Assembly
New Member Orientation

Class 2: Part 1-Assembly Structure (The Four Pillars), Assembly Officials, Assembly Etiquette and Part 2-Committee Based Organization and What it Means, Militia, and Post Office

BIVENS DECLARATION

This meeting is private. Bearing false witness, misrepresentation and posting inflammatory rhetoric in public forums is forbidden and shall be addressed in an appropriate manner. To eliminate all conflict and false allegations is there anyone in attendance at today's meeting that is a member or agent of any law enforcement agency or public agency at the federal, state, city, county or township agencies present? Is there any response to the Bivens Decision?

No one can attend any of our meetings in secret, or in private, without announcing or declaring their presence when attendance is taken.

See: Bivens vs. Six Unknown Agents, 403 U.S. 388 (1971)

CUMULATIVE REVIEW **LESSON 1** SUMMARY…

If you haven't already, get your paperwork completed with your recording secretary. Once you are published, start on 'Other Documents Needed' outlined on the website.

Key points to remember:

- Little known safeguards the founders put in place using the Belcher family allowed the Assemblies to be brought into session
- **The Federation** is representation in international jurisdiction for ALL states - **The Federation is currently our governing authority until we stand up our state - Because there were no state assemblies functioning, the Federation is the governing authority. Once the States of States are up and functioning, the Federation is the cooperation of all of the States of States.**
- **The Great Fraud began in 1861 when congress adjourned sine die after the "election" of Abraham Lincoln**

CUMULATIVE REVIEW **LESSON 1** SUMMARY…

- The Belcher safeguard put in place by the founders allowed the Assemblies to be called into session after a long slumber.
- **The Federation has oversight authority until a state is fully assembled to ensure the protection of all Americans upon the land and soil.**
- **Everyone needs to consider why they are a part of the Assembly and why they corrected their status.**
- **Land, Air & Water jurisdictions**
- Air = Pope = Municipal = Global (Universal)
- Sea = British Crown = Territorial = International (Continental)
- Land = Americans = Nation-States (Union)- **under the Public Law**

➢ Do you have any questions about the class 1 information?

➢ Would anyone like to share their personal mission statement?

OVERVIEW

- American State Citizen (ASC) status - requirements and American State National (ASN) requirements
- Assembly Structure (The Four Pillars)
- Etiquette during General Assembly meetings and large committees (Points of Order)
- Affirmation of Purpose and Conduct

HOW THE POWER WAS DESIGNED TO FLOW

Originally, the power went from the soil (counties) to the land (states)

- This meant that the counties used the States of the Union as an interface with other nations

- This was done to prevent any one county from aligning itself with another nation (other States or foreign countries)

Presently, State Assemblies are being stood up. As we repopulate the State Assembly, the counties are repopulated.

- Eventually the County Assemblies will meet more than the State Assembly (when the State is stood up)

AMERICAN STATE NATIONAL

- An American born within the borders of a state acquires their nationality at birth (i.e. Indianan, Idahoan, Oregonian).
- A Naturalized US citizen can declare their status as an American State National.
- One remains an American State National until the age of 21, when he or she can choose to act as a State Citizen, if there are no dual loyalties or dual citizenships.

AMERICAN STATE CITIZEN

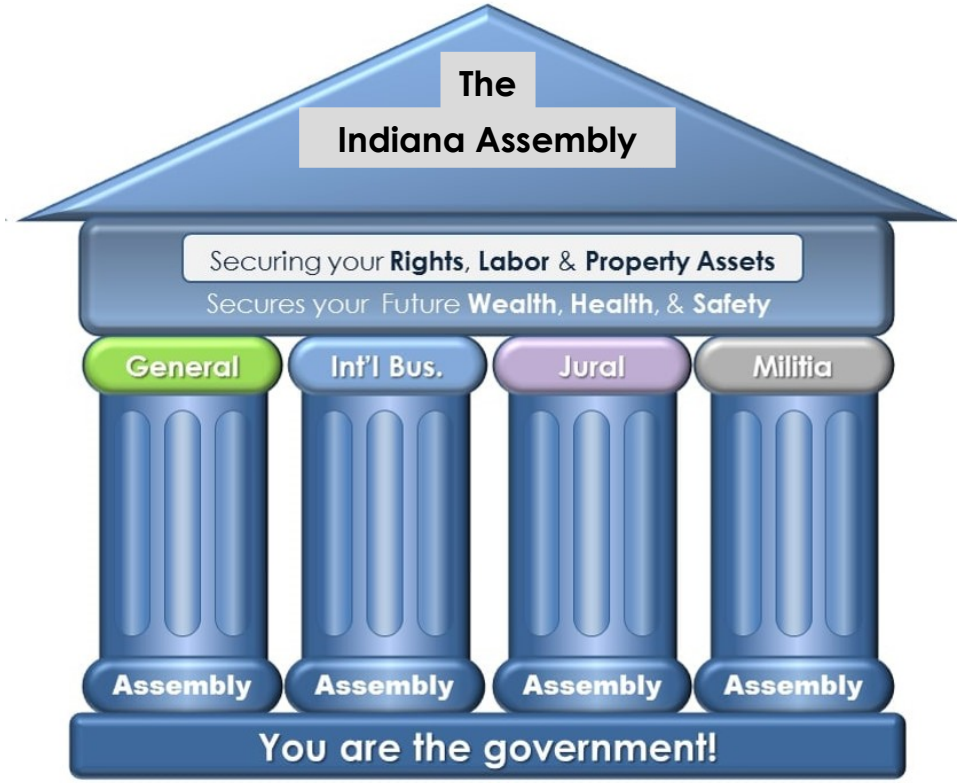
- When old enough to accept the responsibility and understand the obligations involved, men and women become eligible to act as Citizens of our State of the Union.
- A State Citizen must be free to make decisions impacting their State and its international relations with other Nation-States with a clear mind and open conscience, unaffected by mixed loyalties to any other master (dual loyalties & dual citizenships).
- A State Citizen voluntarily occupies an Office of Personhood in order to serve the interests of the International Jurisdiction of their State of the Union.
- The word “citizen” always implies an obligation to serve some level or form of government, and it is no exception here.

WE HAVE A WINDOW OF TIME TO GET BACK ON TRACK…

- Consider the efforts being made here - we can only skim the surface in these three lessons to provide a very basic foundation of knowledge to help prepare you for joining us in reconstructing our true government.

- We ask you to please make a commitment to daily study, seeking out answers regarding how you will self govern and what that requires.

- “We The People” are the actual De Jure government.



ASSEMBLY STRUCTURE

The Four Pillars

THE INDIANA ASSEMBLY MISSION STATEMENT

The Indiana Assembly is dedicated to…

- Upholding the Public Law and Keeping the Peace
- Repopulating the Indiana Land and Soil Jurisdiction
- Restoring the complete and fully operational Land and Soil Jurisdiction
- Establishing the State and Common Law court system serving the people
- Filling vacant Public Offices
- Preserving the National Trust and enforcing Public Law
- Reclaiming our material and intellectual public and private assets
- Upholding the Federal Constitution
- We, the living people of Indiana are calling all eligible Americans to assemble. We are assembling peacefully and without resentment or bitterness, by exercising our unincorporated powers and capacities.

HOW THE WORK IS ACCOMPLISHED…

- Everyone working together in self-governance for the betterment of the community

- We work by unincorporated committees to achieve this harmony (we are NOT building a corporation, so corporate business structures do NOT apply here)

- Each State Assembly consists of one Body Politic composed of all declared State Nationals and State Citizens living within the boundaries of each State.
  - Anyone who qualifies by birthright or by legal Naturalization processes and who:

    ✓ Lives in a State on a permanent basis (domicile), at least a year and a day for ASCs
    ✓ Declares and records their political status as a State National or State Citizen
    ✓ State Citizen's can remain in office so long as they remain in honor

FOUR PILLARS OF EACH STATE ASSEMBLY

…is organized to perform the following four functions:

1. **The General Assembly** provides a public discussion and decision forum for intrastate business and acts as a Committee-of-the-Whole to hear issues of general interest, conducts elections, and provides oversight for all Assembly functions
2. **The International Business Assembly**, which is composed entirely of State Citizens, conducts the international business of the Assembly (see Federal Record)
3. **The Jural Assembly** provides the Court Services and oversees the Grand Jury, Trial Juries, Officials, and functions of our American courts
4. **The Assembly Militia** is all people; working to build strong neighborhoods, participating in Community Emergency Response Teams (CERT) focused on promoting public safety within the boundaries of each County and the State, active in the "well-regulated" militia guaranteed to each State (and County) for its internal security

THE INDIANA GENERAL ASSEMBLY

- The General Assembly is a committee of the whole – all other committees are Sub-Committees.

General Assembly meetings are public meetings, held the first and third Monday at 6pm Central at https://join.freeconferencecall.com/athomeindiana.

  - Currently, The Federation Coordinators conduct General Assembly meetings.

- Need a better day and time? A consensus of the 3 top days and times is then brought before the General Assembly for a Vote. The first step is to **Make Your Choice Here!**

- General Assembly Business meetings are private meetings. Discussion is focused on intrastate business, only State Nationals and State Citizens participate.

- County Assembly meetings will be held as more Status Correct and come together on their county.

PILLAR: GENERAL ASSEMBLY
RECOMMENDED COMMITTEES

All Sub-Committees are formed in the General Assembly and everyone has a chance to join committees.

- **General Education** Committee
- **New Member Orientation** Committee
- **Events** Committee
- **Records** Committee
- **Banking** Committee
- **Oversight** Committee
- **Ombudsman** Committee
- **Vetting** Committee

- **IT Infrastructure** Committee
- **Health & Wellness** Committee

- **Committee Definitions**
- **Select a Committee(s) or Pillar Coordinator Here!**

PILLAR: INTERNATIONAL BUSINESS STANDING COMMITTEE (ASSEMBLY)

- International Business Assembly meetings are relatively rare events at first, but become increasingly important going forward, especially as **Indiana State, Unincorporated**, is established.

- These meetings are open to State Citizens, who are the only ones with standing to vote on the international and interstate business items.

- This Committee is composed of State Citizens and is responsible for conducting international business for the Assembly, including setting up the **State of Indiana** organization needed to complete Reconstruction of the Confederation and Federal Republic

PILLAR: INTERNATIONAL BUSINESS ASSEMBLY

RECOMMENDED COMMITTEES

- **International Security and Education** Committee
- **Congressional** Committee

- **Committee Definitions**
- **Select a Committee(s) or Pillar Coordinator Here!**

PILLAR: JURAL ASSEMBLY STANDING COMMITTEE

Jural Assembly meetings are organized by the **active** American State Citizen (ASC) members of the Jural Assembly.

- Active ASC's are qualified Jurors
- Active ASC's are able to serve on both the Grand Jury and Trial Juries
- Active ASC's are able to serve as officials of the courts

PILLAR: JURAL ASSEMBLY

RECOMMENDED COMMITTEES

- **Court Venue** Committee
- **Law Education** Committee
- **Jury Pool** Committee

- **Land Patents** Committee

- **Committee Definitions**
- **Select a Committee(s) or Pillar Coordinator Here!**

PILLAR: MILITIA ASSEMBLY

- All able-bodied members of the Assembly, 21 years of age and above, are expected to actively support the militia in one way or another. Either as active militia or serving in supply, communications, or administrative positions

- Militia can be referred to as “Community Emergency Response Team (CERT)” to those outside of the Assembly

- Our Assembly Militia schedules training, conducts exercises and business unique to the militia

PILLAR: MILITIA ASSEMBLY
RECOMMENDED COMMITTEES

- **Membership** Committee
- **Provisions** Committee
- **Education** Committee
- **Operations** Committee

- **Committee Definitions**

CUMULATIVE REVIEW **PART 1** SUMMARY…

- Four Pillars –
  - General Assembly
  - Jural Assembly
  - International Business Assembly
  - Militia Assembly

- Recommended Basic Committee Structure and Definitions within each Assembly pillar
- Key differences between a Republic (rule of law) vs a Democracy (rule of majority)

  - ➢ Do you have any questions about the Class1 information?
  - ➢ Would anyone like to share their personal mission statement?

REMINDER:
WE HAVE A WINDOW OF TIME TO GET BACK ON TRACK…

Successful reconstruction depends on the commitment and participation of responsible members. So…

- Considering the Assembly structure, how do see yourself participating?
- What committees are of interest to you?
- Are you ready to put in the effort to properly reconstruct our lawful government?

Thank you for joining us in staying focused on the bigger picture of the lawful reconstruction of our Republic, as it becomes the reality we are owed.

Additional Notes

Republic v. Democracy

- **Republic**: A form of government where the sovereignty is vested in the People and is delegated to the servant government.
- **Democracy**: A form of government where the minority has no rights and the majority doesn't need them. (Mob Rule)

PART 2 OVERVIEW

- Four Pillars Re-visited
- Assembly Committees
- Militia (Community Emergency Response Team – CERT)
- Post Office

FOUR PILLARS REVIEW

- **General Assembly** - public gatherings (and on FCC)
  - Comprised of American State Nationals and American State Citizens and US Citizens that show interest in the assembly
  - Most intra-state business is done through the General Assembly
- **Jural Assembly**
  - By joining the State Jural Assembly you are agreeing to serve as a juror and act in the capacity of a State Citizen. This "Jury Duty" is the fundamental building block underlying the Public and Organic Law of this country
- **International Business Assembly**
  - Comprised of American State Citizens voting on matters regarding International Business
- **Militia Assembly**
  - Building strong neighborhoods and Community Emergence Response Teams (CERT) as we bring people from Public to Private. The majority of people willingly volunteer to be part of the militia.

- Anna von Reitz

COMMITTEES

- Assemblies are committee-based organizations.
- Committees are where the ‘work’ gets done.
- We are committee people.
- Committees have no special authority, aside from the subject matter each committee is responsible for.
- Committees are all equal, there is no one committee that has more perceived power than the other. They are all part of the whole - all working toward one goal.
- All committees are considered ‘sub-committees’ under the General Assembly structure.

ALL COMMITTEES…

…are formed in the General Assembly, this gives all **qualified participants** the opportunity to join a committee. All committees are comprised of American State Nationals and/or American State Citizens, although dual loyalties and dual citizenships prohibit some from chairing committees, but they are still able to participate. Some committees require vetting of each member and the General Assembly will vote for those committee members.

What is a "qualified participant"?

One who has completed their paperwork, is recorded & published and can verify by producing the records, completed all the additional Notices (if applicable) and letters, and one who has lived on Indiana for a year and a day. All committee people need to be vetted to this standard.

WE HAVE LEARNED…

- That we need to give our committee people a strong foundation and assist with clear comprehension of what we are reconstructing, since we have all been indoctrinated to varying degrees.
- By the very act of recording and publishing our status correction, we have purposefully left behind the British Territorial system and the Municipal feudal system.
- We are reconstructing something different than what we are escaping from. As sovereigns we are no longer "subjects" and "slaves" so, we need to unlearn and deconstruct all previous held 'beliefs.'
- The unchartered Defacto governs by our consent alone, their fraud scheme assumes we believe they are our true government, that they have any authority over us at all, but they are not a government. Actually, they are operating as a corporation pretending to be a government.
- In reality, We The People are their bosses. Think about that. They are contracted to provide services defined in the constitutions.
- Self-government is a volunteer system.

How To Be Active in The Indiana General Assembly

- Attend The Indiana Assembly meetings (bi-monthly)
- Attend your County Assembly meetings (when in session)
- Join a committee(s)to become your government
- Continue your education and Complete training
    - ✓ Jural Assembly Handbook
    - ✓ Self governance
    - ✓ Sign in America course
    - ✓ CERT hybrid

Continued Education

WHAT IS THE MILITIA?

- The Militia is guaranteed to us in the constitutions.
- The Militia is men and women, we the people.
- Community Emergency Response Team (CERT)and Militia are interchangeable.
- Militia (CERT) helps each county and state when there is an emergency that hits anywhere in Indiana.
- Active Militia involvement is required from anyone 21 to 45. Voluntary training can start at 16. In reality, everyone is a part of the militia (CERT), fetching firewood, boiling water, or answering phones is contributing.
- Think of it as the people coming together to protect and defend during an emergency/disaster.
- It's NOT what the word militia has come to be associated with.

POST ROADS AND DRY SEA LANES

Jurisdictions arise from Nature. The natural world is organized according to an observable plan that includes three realms which we call---air, land, and sea. So, there are three basic jurisdictions.

One jurisdiction, sea, bumps up against and intermingles and distributes itself through all three: the realm of water, both fresh and saltwater.

Wherever water jurisdictions mix, meld, or rub against each other, problems organizing our government and business affairs are created.

Extension of maritime law onto the land is what Ben Franklin was engaged in when he and George Washington began surveying **“post roads”** in America well before the Revolution.

Post roads extended Maritime law to the land jurisdiction functioning as **"dry sea lanes"** promoting the safe conduct and ease of distribution of goods and cargos on dry land.

Post Masters v. Postmasters

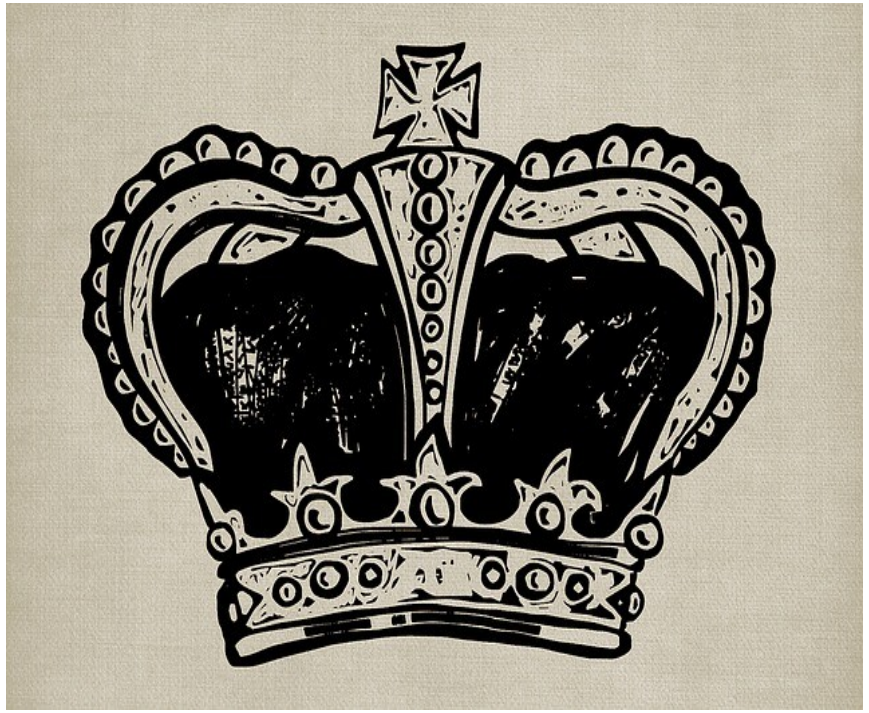
Post roads and the service stations (Post Offices) associated with them are under the command of **"Post Masters"** on the land and **"Postmasters"** on the sea.

Note that post roads connect every post office and their easements and right of ways together belong to the land jurisdiction of this country and naturally fall under the direction of the land jurisdiction government, our Federation of States doing business as The United States of America. These ownership interests and controls are exercised and organized as Postal Districts, administered by Postal District courts, and are overseen by Post Masters --- not Postmasters.

Stepping off the dock lands you in the International jurisdiction of the sea, a different system of maritime law controlled by the British King.

The difference is that on the land, the operations of these international enterprises have to obey the Public Law, but on the sea, the operations of these international business enterprises are private - the captain is king of his ship, and the corporation's policies are law.

MISAPPLICATION OF LAW



The King's Courts have been operating on our land and soil enforcing sea-going maritime law on our General Public and are operating as crime syndicates in violation of their treaties, their commercial service contracts, and are in violation of the Constitutions that allow their presence here. Most serious of all, they are operating in Gross Breach of Trust.

This circumstance gives rise to widespread endemic and institutionalized criminality and **misapplication** of law.

OUR AUTHORITY

What you <u>can do</u> about this misapplication of law:

- Become aware of these issues
- Educate yourselves and your neighbors
- Correct your status and come forward as a birthright American
- Join your State Assembly
- Reopen all your own courts including the Postal District Courts
- Realize that your land-lubber local Post Masters are also Public Notaries.

Our Post Office authority is key to:

- Restoring and exercising our power over our land.
- Redeeming control of and benefiting from all the millions of acres of American land that have been subsumed as post road, railroad, and utility corridors and easements.

OUR LAWFUL COURT OF RECORD

The Post Office is a Branch of the Military - i.e., 'Postmaster General'

- We The People have a lawful Constitutional contract with the Municipality for the Post Office, Customs, and all related services to ensure the Mail is delivered securely to its destination. The Municipal Government services contract was with the Holy See and is the only lawful contract.

Use Stamps To Send Registered Mail (Notices/Letters/etc.) To Public Officials

- Stamps are lawful money backed by gold and keep us in Proper Land Jurisdiction.
  - For instance, a $1 stamp on the back of a court recording insures it (100K)and guarantees it goes where it is intended to go and does not disappear, or the full force of the Post Office will reign down on those responsible. Your autograph written on a diagonal through the stamp (directionally upper left to lower right) in red ink cancels it. A judge cannot ignore it.
- **Metered mail is fraud.**

REGISTERED MAIL…OUR LAWFUL COURT OF RECORD

Registered Mail Highlights

- Is the original secured mail. Your package stays in a locked cage, safe, or sealed container while transported. While not in transit, it is kept away from other mail in a locked safe.
- Electronic and physical signatures at each Post Office facility show the chain of custody, so you know where the piece is every step of the way.
- Registered Mail requires all seams to be sealed w/opaque tape, usually brown tape as another measure of security & stamped w/red ink Postal date stamp.
- The recipient must sign for it before the package is handed over. An added green card return receipt is signed & date stamped & these are all proof officials have been served as your court of record.
- Provides a witness from one delivery point to another
- You can make a claim or request an investigation on Registered Mail (insured up to $50K) Tracking & Delivery records are kept for two years.

THE POST OFFICE, U.S. POST OFFICE & USPS

The first United States Post Office established as a national public postal service under postal treaty with all the other member nations designated Philadelphia, Pennsylvania as our seat of government, and so it remains to this day, operated & owned by 'The United States of America' [unincorporated].

The United States of America has its own Post Office, run in-tandem with the U.S. Postal Service, while the U.S. Postal Service runs side by side with the Municipal USPS.

One Post Office, two Postal Services, and last time we counted, seven (7) different hats for **The United States Post Master** to wear, including international and global offices.

The United States of America [unincorporated] flies The United States Civil Flag of Peace and maintains The United States Post Office. The Title IV War Flag flies at all U.S. Post Offices, and all USPS service centers.

Common Misconceptions---8.0 Jurisdictions

USPS *(**IRS** ZONE ENFORCER)* & ZIP CODES

The federal government utilizes the ZIP code to prove that you reside in a "federal district of the District of Columbia". This is why the IRS and other government agencies (state and federal) require a ZIP Code when they assert jurisdiction by sending you a letter. They claim that this speeds the mail, but this is a sly and subtle TRICK. It is also PRIMA FACIE evidence that you are a subject of Congress and a "citizen" of the District of Columbia who is "resident" in one of the several States.

http://www.supremelaw.org/ref/zipcode/mcdonald.htm

A ZIP Code address is presumed to create a “Federal jurisdiction" or “market venue" or "revenue districts" that override State boundaries, taking one who uses such modes of address outside of a State venue and its constitutional protections and into an international, commercial venue involving admiralty concerns of the "United States", which is a commercial corporation domiciled in Washington, D.C.” (by W. C. Updegrave)

USPS *(**IRS** ZONE ENFORCER)* & ZIP CODES CONT'D

Receiving your mail with a ZIP code is one of the requirements for the IRS to have jurisdiction to send you notices. The government cannot bill a 'Indiana Citizen', because he is not within the purview of the MUNICIPAL LAWS of the District of Columbia. In fact, the Internal Revenue Service has adopted the ZIP code areas as Internal Revenue Districts.

Remedies: Get a Post Office Box, or try getting General Mail Service at the Post Office. They are supposed to 'not discriminate', but, most USPS locations enforce the Internal Revenue zones & don't honor that. This is why we use "in care of (c/o)" before house number & street, and why we enclose the zip code in [brackets], or, write "zip code exempt."

THE POST OFFICE DEPARTMENT WAS ABOLISHED

- PUBLIC LAW 91-375-Aug. 12, 1970 - AN ACT
- Reorganized and abolished the Post Office Department, and created the United States Postal Service: a corporation-like 'independent agency' (subcontractor) 'authorized' by the U.S. government services corporation. Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled. That this Act may be cited as the "Postal Reorganization Act".
- This was done by the corporations acting under color of law, not the constitutional government of the People.
- They had to leave a remedy to allow us to access the original Post Office, so they could claim it was voluntary on your part.

BEFORE NEXT CLASS

- Review the list of recommended committees
  - Consider what committee would you like to join and why?
    - **Committee Definitions**
    - **Select a Committee(s) or Pillar Coordinator Here!**
- Review the information about registered mail (Our lawful court of record)
- If you haven't already done so:
  - get your paperwork completed with your recording secretary
  - set up an LRO account (see class 1 – LRO account setup)
- Think about what Self-Governance means to you and be ready to share your thoughts…
