CUMULATIVE REVIEW
Class 1 SUMMARY…

If you haven't already, get your paperwork completed with your recording secretary. Once you are published, start on 'Other Documents Needed' outlined on the website.

Key points to remember:

- Little known safeguards the founders put in place using the Belcher family allowed the Assemblies to be brought into session
- **The Federation** is representation in international jurisdiction for ALL states - **The Federation is currently our governing authority until we stand up our state - Because there were no state assemblies functioning, the Federation is the governing authority. Once the States of States are up and functioning, the Federation is the cooperation of all of the States of States.**
- **The Great Fraud began in 1861 when congress adjourned sine die after the "election" of Abraham Lincoln**

  - Do you have any questions about part 1 information?

CUMULATIVE REVIEW
Class 1 SUMMARY…

- The Belcher safeguard put in place by the founders allowed the Assemblies to be called into session after a long slumber.
- **The Federation has oversight authority until a state is fully assembled to ensure the protection of all Americans upon the land and soil.**
- **Everyone needs to consider why they are a part of the Assembly and why they corrected their status.**
- **Land, Air & Water jurisdictions**
- Air = Pope = Municipal = Global (Universal)
- Sea = British Crown = Territorial = International (Continental)
- Land = Americans = Nation-States (Union)- **under the Public Law**

➢ Do you have any questions about the part 2 information?

CUMULATIVE REVIEW **Class 2** SUMMARY…

PART 1 OVERVIEW

- DeFacto vs DeJure
- Self-governance and how it applies to you - at the end of this session we will ask for discussion on this topic.
- Self Governance Training
- Free Study - Essene Gospel of Peace

DE FACTO VS DE JURE

It takes much study, much learning, much self discipline to start changing our mindset - we have been indoctrinated and mind controlled our entire lives (even those of us who have been mostly alert and awake to the deception).

We are learning to operate in the actual DeJure government every day - by practicing it. The more we ‘practice’ that reality, the more we bring others into truth. Every time you go to your public servants and don’t allow them to bully you, it is bringing them into the DeJure reality. It takes a bit of time to get there, but, you will get there. Peacefully and lawfully we stand our ground and operate in the DeJure reality, not the Defacto fiction.

We the people hold the key to unite and save ourselves, our country, and the world.

ARTICLES ON SELF GOVERNANCE

- "The first choices that come readily to mind once you realize that you are a slave or at best an indentured servant — are not comforting at all:
- (1) continued peonage and enslavement; (2) suicidal armed insurrection or (3) flight. ***There is a Fourth Choice: self-governance.***"

  - Article 2541: Self-Governance
  - Article 2058: Self-Governance for the Rest of Us

INTRO TO SELF GOVERNANCE DEFINITION

Self Governance. On one hand, it's a very simple concept. On the other hand, putting it to use is a Great Big subject.

First, we need to know exactly what “Self Governance” is. We need to realize that words and their definitions are extremely important. Not only the words are important, but how we construct sentences, our inflection and the body language that goes with the words. It’s a package deal.

Then you learn that commonly used words are ‘re-defined’ in statutes/codes and in Admiralty/Maritime jurisdiction courts.

So… how do we get an understanding of **Self Governance**?

DEFINITIONS

Self = Autonomy

The quality or state of being self-governing, especially the right of self-government.

Self-directing freedom and especially moral independence; personal autonomy.

A self-governing state.

We have a recognized right of Self determination.

Governance:

The act or process of governing or overseeing the control and direction of something (such as a country or an organization) government.

Question:

What does self governance mean to you?

TO CLARIFY…

Self-Governance **IS**: providing for ourselves & our families, being responsible, keeping our house in order. This includes taking an active interest in our neighborhood. Out of necessity we are populating our state first and counties second. Self governance is behaving in honor.

Self-Governance is **NOT:** disorderly or disruptive. It's not founded on fear and self interest.

There is a difference. It is about HOW you show up, knowing WHO you are. That takes time, self discipline and self control.

DEFINITIONS

Preamble to the Constitution

"We the People of the United States, in Order to form a more perfect Union, establish Justice, insure domestic Tranquility, provide for the common defense, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution for the United States of America."

Preamble to Indiana Constitution

"We the Representatives of the people of the Territory of Indiana, in ***Convention*** met, at Corydon, on monday the tenth day of June in the year of our Lord eighteen hundred and sixteen, and of the Independence of the United States, the fortieth, having the right of admission into the General Government, as a member of the union, consistent with the constitution of the United States, the ordinance of Congress of one thousand seven hundred and eighty seven, and the law of Congress, entitled "An act to enable the ***people*** of the Indiana Territory to form a Constitution and State Government, and for the admission of such state into the union, on an **equal footing** with the original States" in order to establish Justice,promote the welfare, and secure the blessings of liberty to ourselves and our posterity; do ordain and establish the following constitution or form of Government, and do mutually agree with each other to form ourselves into a free and Independent state, by the name of the State of Indiana."

Enabling Act of 1889

DEFINITIONS

We talk about sovereignty, but do you know why we have sovereignty? We have God given unalienable rights, no man can remove w/out our consent.

A. You are born free on the land. You are a living being, a creation of something greater than us.

B. Read the Paris Treaty (Excerpt below).

Article 1:

His Britannic Majesty acknowledges the said United States, viz., New Hampshire, Massachusetts Bay, Rhode Island and Providence Plantations, Connecticut, New York, New Jersey, Pennsylvania, Maryland, Virginia, North Carolina, South Carolina and Georgia, to be free sovereign and independent states, that he treats with them as such, and for himself, his heirs, and successors, relinquishes all claims to the government, propriety, and territorial rights of the same and every part thereof.

WHAT LANGUAGE?

Something to note:

There are three basic versions of English in America -

1. There is common (or colloquial) English, as in what we are using right now.
2. There is slang, something we hear regularly.
3. Then there is “Legal” English.

    i.e., The statutory definition of ‘Person’ was changed in 1871 to be interchangeable with ‘ Corporation’.

If you have ever been in the corporate courts, or read Congressional Acts, they use common words we are familiar with, in ways that are not familiar to us – and that is on purpose. Often having opposite meanings.

FEAR	Option 1	Option 2
F	Forget	Face
E	Everything	Everything
A	And	And
R	Run	Rise

The difference between Buffalo and Cattle and how they behave when they sense a storm coming. Buffalo run INTO the storm to get through it faster. Cattle run FROM the storm and then exhaust themselves - and still end up in the storm anyway.

As Self governing people - we act like the Buffalo.

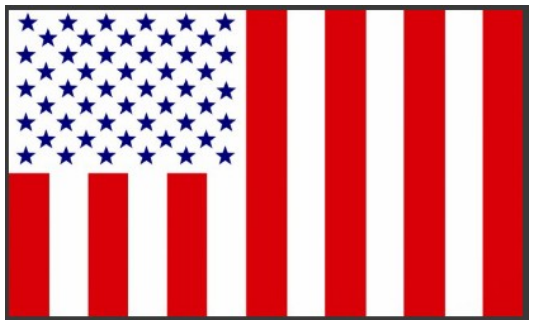
PART 2
OVERVIEW

- Organizational Goals for State Assemblies
- Our American Government
- the United States Civil Peacetime Flag



ARTICLE 2905

Organizational Goals for State Assemblies

- By Anna Von Reitz

I thought this was perfectly obvious, but I have been convinced by recent events to write it down in black and white so that there is no further confusion.

1. Outreach and Recruitment -- You have to reach out to other Americans and share the information and invite them in. They depend on you, and you depend on them. If you don't tell them and help them, they can't get home to Original Jurisdiction on their own. They don't even know that they have been kidnapped and trafficked on paper, so don't underestimate the danger they are in, nor the urgency of what I am telling you: this is a rescue operation like Dunkirk. Save your countrymen, so that together, you can save your country.

2. Help people understand and navigate the paperwork and record it.

3. Help people join and participate in the Assembly, either as State Nationals or as State Citizens. Explain the difference so that they can see which group they belong in.

ARTICLE 2905

Organizational Goals for State Assemblies

4. Set up the four parts of a State Assembly. (1) Everyone belongs to and participates in the General Assembly, which addresses in-State and local issues. (2) State Citizens additionally serve on the International Business Assembly to decide international issues. (3) Everyone serves as a Juror and is a member of the Jury Pool as part of the Jural Assembly-- again, State Nationals and State Citizens are both eligible to decide cases involving in-State issues, while State Citizens alone hear cases involving international subject matter. (4) Everyone who is fit and between the ages of 21 and 45 is eligible to serve as part of the Assembly Militia.

5. Hold elections for the officials of the General Assembly, International Assembly, the Courts, and the Militia. The Chairman of the General Assembly is the Speaker for the Assembly -- not the President, not the CEO. These are not incorporated entities and have no such hierarchy. Everyone elected to an Assembly Office has a job to do, nothing more or less. The sooner everyone adjusts their attitude to account for this, the better.

ARTICLE 2905

Organizational Goals for State Assemblies

cont'd

- By Anna Von Reitz

6. Once the Assembly is organized and functioning on all four cylinders, the Coordinator position sunsets. In some States, the liaison duties of the Coordinator pass to the Chairman. In other States those duties are passed to other Assembly Diplomatic Officials, but in all cases, there will be at least one liaison official who continues to faithfully bring forward information from and to transmit information to The United States of America, our unincorporated Federation of States

7. Your Coordinator is naturally a member of The State Assembly in your State of the Union, who is working for The United States of America to bring your Assembly into Session and build it into a competent, confident, educated, and properly organized " public body politic", which will serve your State of the Union and speak for it on both local in-state matters and international matters. While working for the Federation, the Coordinator will act as a State National and refrain from direct participation in votes concerning international matters.

ARTICLE 2905

Organizational Goals for State Assemblies

cont'd

- By Anna Von Reitz

8. Your Assembly is your "instrumentality" --- your means to self-govern. You all have the right to self-govern, but until and unless you exercise that right by taking action to self-govern and implement the means to self-govern, your right to do so is a moot point. You must govern, or be governed. There is no "resting position" available. So make up your minds whether or not you will be a free and self-determining "people", or "persons" dependent on and owned by corporations that will be glad to tell you what to do, how to think, how much water you can drink, and the amount of your yearly carbon deficit tax for farting without a license.

9. Understand that this is not about plums and prizes, offices or "powers" in the sense that corporations use and abuse these concepts. This is about serving your State, your country, and your countrymen -- and fulfilling your obligation to self-govern. Ninety percent of the nasty things that have happened to us, have been at least in part our own fault, because we didn't pay close enough attention to the quiet and steady usurpation of our rights and our government functions by our erstwhile employees. We blindly trusted them instead of directing them.

ARTICLE 2905

Organizational Goals for State Assemblies

cont'd

- By Anna Von Reitz

There is a lot of ground to be recovered, a lot of Public Law to be enforced, and a lot of new understandings to be forged before these present issues can be resolved. In facing up to this, we are either part of the solution or part of the problem.

By doing your paperwork and taking your place in your own State Assembly, you are making a conscious choice to be part of restoring and reforming and directing the course of your American Government. As you do so, you seize back control of your lives and your property, your destiny, and the future of your country.

ARTICLE 2905

Organizational Goals for State Assemblies

cont'd

- By Anna Von Reitz

Do it with resolve befitting the gravity of the situation and the sacredness of the honor, remembering how many have died and suffered, so that you have the right to assemble and take all of these lawful actions. As you rescue other Americans who have been kidnapped and left as helpless castaways in "international waters" --- be glad for them, and glad for yourselves, too.

You are each the living embodiment of your State and your Country.

Be glad because you have the knowledge and ability to rescue others and bring them home. Be glad because you are not alone. Be glad that other Americans blazed the trails and sailed the oceans to make this possible---- and keep your will bent to the task at hand. Rescue as many Americans as possible and do it now.

The Actual Structure of the American Government

American Government

Soil Jurisdiction: *The* United States (unincorporated), the republican states, the living people; national jurisdiction. Your state is your nation domestically.

Land Jurisdiction: *The* United States of America (unincorporated), the Republican States, the Lawful People; international jurisdiction. Your State is your Nation-internationally.

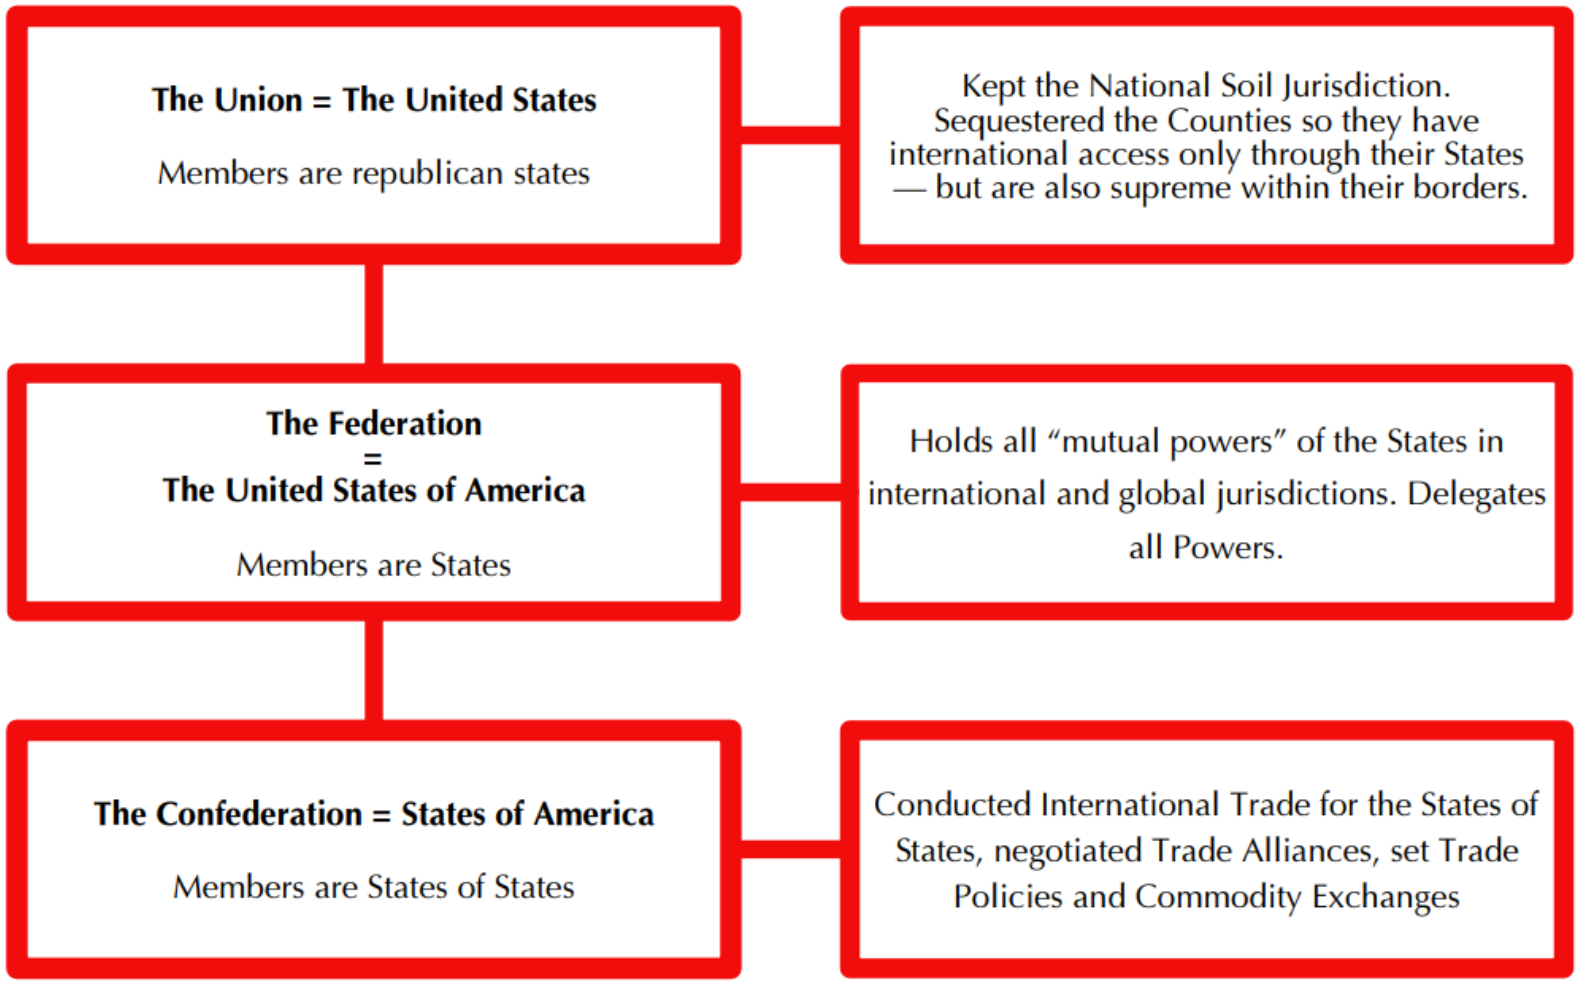
The Three (3) Constitutions creating the Federal (Contract) Government

1. **<u>The Original Equity Contract</u>** between the Federal States and the Confederation of States of States doing business as (dba) the States of America:
"The Constitution for the united States of America"
(The actual "missing" Federal Government is supposed to be American)

2. **<u>The Secondary Equity Contract</u>** between the Federal States and the British Territorial Government:
"The Constitution of the United States of America"
(The Territorial Government is British operated)

3. **<u>The Tertiary Equity Contract</u>** between the Federal States and the Holy Roman Empire's Municipal Government:
"The Constitution of the United States"
(The Municipal Government is operated as a franchise of Rome under the Auspices of the Roman Pontiff & Roman Curcia)

IN OTHER WORDS…



Facts of Importance:

1. Our republican states of the Union exist at the level of our National Soil Jurisdiction in each county and taken all together the counties comprise The United States.

2. Our counties have no access to International Jurisdiction except via their State of the Union.

3. The United States delegates power to the Federation of States and People operating in the International Jurisdictions of Land and Sea and Air: The United States of America.

4. Observe that The United States of America functioned for five years on its own, in all foreign jurisdictions, from 1776 to 1781, and is competent to do so again.

5. None of these elements of our American Government are based on any "constitution" — they exist because of The Declaration of Independence, which is the Foundation of all else that follows.

Facts of Importance cont'd :

6. The Confederation ceased to function in 1860 when it lost the quorum necessary to conduct business.

7. All powers exercised by the Confederation on behalf of the American States and People returned to the Federation by Operation of Law in 1860.

8. The United States of America, our unincorporated Federation of States was and is and remains our fundamental instrumentality to conduct both international and global business.

9. Our Federation has been at peace since 1814. It flies its own Civil Peacetime Flag

THE AMERICAN PEACE FLAG

Any American who espouses the cause of peace and who stands against the idea of "perpetual war" is enabled to fly the Peace Flag. It is an ample symbol of our demand for peace and our will to live in peace, and it is much needed in the current era.
