WHEN IN THE COURSE OF HUMAN EVENTS,

it becomes necessary for one
people to dissolve the political
bands which have connected
them with another, and to
assume among the powers of the
earth, the separate and equal
station to which the laws of
nature and of nature's God entitle
them, a decent respect to the
opinions of mankind requires that
they should declare the causes
which impel them to the
separation.

The Actual Structure of the American Government

The Three (3) Constitutions creating the Federal (Contract) Government

1. **The Original Equity Contract** between the Federal States and the Confederation of States of States doing business as (dba) the States of America:
“The Constitution for the united States of America” 1787-American Constitution
(The actual “missing” Federal Government is supposed to be American)

2. **The Secondary Equity Contract** between the Federal States and the British Territorial Government:
“The Constitution of the United States of America”
(The Territorial Government is British operated)
1789-Territorial Constitution

3. **The Tertiary Equity Contract** between the Federal States and the Holy Roman Empire's Municipal Government:
“The Constitution of the United States”
(The Municipal Government is operated as a franchise of Rome under the Auspices of the Roman Pontiff & Roman Curia)
1790-MUNICIPAL Constitution

The Actual Structure of the American Government

① Federation of States

② Confederation of States of States

Federation of States

States are geographically defined...

Are masses of land on this continent...

Operated as Lawful and Unincorporated Persons known as "People" of this country.

These States act in Sovereign capacity in international jurisdiction separately and can also act together via their unincorporated Holding Company: The United States of America, founded Sept. 9, 1776.

Confederation of States of States

"States of States" often confusingly called "Confederate States" - are "inchoate" or "incomplete" states because they are legal fictions, that is, - corporations - that are at least one step removed from physical actuality.

They have no physical borders.

They operate under charters granted by actual States.

The Confederation was formed March 01, 1781; this unincorporated Confederation does business as the States of America.

The Actual Structure of the American Government

The United States of America (unincorporated)

Federation States

Physical land jurisdiction States of the Union functioning in international land jurisdiction:

- Maine
- New Hampshire
- Minnesota
- California
- Texas

- Rhode Island
- Florida
- Georgia...

States of America (unincorporated)

Confederate States

Legal fictions operated as "States of States" functioning in international sea jurisdiction and global commerce:

Originally:

- The State of Maine
- The State of New Hampshire
- The State of Minnesota
- The State of California
- The State of Texas
- The State of Rhode Island
- The State of Florida
- The State of Georgia...

This whole structure, the Federal Branch of the Federal Government, the States of America, is missing, pending "Reconstruction".

The Actual Structure of the American Government

The Civil (Mercenary) War impact on the Federal Government

Before 1860

1. The States of America and the member States of States doing business as, for example, The State of Florida. American United States Citizens run it.
2. Territorial United States Government. British United States Citizens run it, but strictly limited to Federal facilities & functions.
3. Municipal United States Citizens of the United States run it, but strictly limited to the ten miles square of the District of Columbia.

3.1 Note: this is the Civil Government as opposed to our Civilian government.

After 1865

1. MIA (missing in Action) Under "Reconstruction" Original States of States Mothballed.
2. Territorial United States "assumes" Emergency powers creates unauthorized Territorial "State of States" doing business as, for example, the State of Georgia and incorporates in Scotland as "The United States of America, Inc.".
3. Municipal United States forms "The United States, Inc." And usurps beyond its District boundaries, forms Municipal "STATES OF STATES" mimicking the Territorial "States of States" which our original Federal branch Confederation States of States, e.g., The State of Ohio.

The Actual Structure of the American Government

So...

The Civil War was not a “war”. It was a Mercenary Conflict (like Vietnam) waged on our shores by a combination of American Corporations and Foreign Corporations. It did not involve our actual, factual Federation of States doing business as The United States of America.

After Lee’s Surrender...

The actual fighting stopped, but the remaining American States of States, both North and South, were incapacitated - the South by “ruination” and the North by bankruptcy.

Who was left in charge at the Federal level?

1. The President of the United States of America [Territorial] acting as Commander-in-Chief.
2. The Grand Army of the Republic (Northern Generals) operating under The Lieber Code, General Order 100.

The Actual Structure of the American Government

The Upshot

1. The Lieber Code, General Order 100, Executive order 1, the Hague Conventions - is still in place, still operating.
2. The British Territorial United States Government is still at "war" on our soil, in the Mercenary sense of the word.
3. The municipal United States Government is also.
4. They can't make peace (and don't want to) until our actual States assemble and re-charter new States of States to restore the Federal Branch of the Federal Government - which we are finally doing.
5. Meantime, we, the American People, are owed The Law of Peace - AR27-161-1, from both the Territorial and Municipal Federal Contractors.

The Actual Structure of the American Government

Despite All this...

Both the Territorial and the Municipal Contractors have secretively waged war against their innocent Employers - the American States and People occupying the land and soil jurisdictions of the country.

They have done this by various means of constructive fraud in breach of Trust, most commonly by "mistaking" us as "Enemies" in their ongoing bogus "war".

Despite the Lieber Code, despite the Hague Conventions, despite the Geneva Convention protocols (1949) Article 3, both the Territorial and municipal Governments which are merely commercial corporations under contract to provide "essential government services" to us, have waged a form of economic war and acted in breach of trust and under color of law have press-ganged, impersonated, misrepresented, kidnapped, and confiscated the assets of Americans under false pretenses, mistaken (stolen) identities, and have - in the course of all this, committed inland piracy, impersonation, barratry, unlawful conversion, conspiracy and collusion against the actual Constitution (Original Equity Contract) allowing their existence, and many other crimes on our shores.

What are we going to do about it?

5 Types of Citizens

Printable Document: [HERE](#)

American State National	State Citizen	Federal United States Citizen	Territorial United States Citizen	Municipal Citizen of the United States
(1) An American State National is either: (1) naturally born on the land and soil of an American State, such as Wisconsin, or (2) after being naturalized as a United States Citizen, is a foreign-born man or woman who voluntarily accepts and publishes their adoption of a specific American State as their permanent home and domicile. A State National is not acting as a citizen of any government and owes no obligations to government beyond keeping the peace and reporting crimes. As a completely unincorporated Person, a State National is sovereign and private and generally immune from prosecution until and unless they take some action that causes actual physical harm to someone else or someone else's property, whereupon they are subject to the Common Law of the County and State where they live or where the alleged crime is committed. A State National can be arrested for cause by peacekeeping officials, but is not generally subject to private courts or to arrest by private law enforcement officers. By definition, a State National is a civilian and an Internationally Protected Person and is owed The Law of Peace. A State National may be elected to Public Office, whereupon they become subject to their Oath or Affirmation of Office for the duration of their term in office. State Nationals are the "people" of each State and populate the National Soil Jurisdiction.	(2) State Citizens are State Nationals who undertake the obligations of Self-Governance in behalf of the State of the Union where they live. They occupy basic Offices of the State Government, most commonly volunteering to act as Jurors to serve the Jury Pools of both the Grand and Trial Juries of their State and County Courts. Both State Nationals and State Citizens can take part in Public Elections and may serve as Electors. If deputized or elected to office, State Nationals assume State Citizenship for the duration of their service. State Citizens occupy State and County Public Offices, acting as State Justices, local Justices of the Peace, Sheriffs, Peacekeeping Deputies, Coroners, Recorders, and other Public Offices, either paid or unpaid. Members of the State Militia are all State Citizens while actively engaged in militia activities. A State Citizen cannot adopt any other form of citizenship while serving as a State Citizen. All State Assembly officers and elected delegates of the State Assemblies are State Citizens. State Citizens are the "People" of their State and the Parties enabled to enforce the Constitutions directly and indirectly through their State's membership in the Federation of States known as The United States of America and the Union known as The United States.	3. Federal Citizens — True Federal Citizens are called United States Citizens and they are considered, while employed by the Federal Government, to be Dual Citizens of their State and work directly for and are commissioned by The United States of America, the unincorporated Federation of States in control of the International Land Jurisdiction of this country and the non-delegated powers owed to the States in the International Jurisdiction of the Sea [Amendment X]. Federal Marshals, now called Continental Marshals, are civilian peacekeeping officers who work within Multi-State Federal Postal District Service Areas. Federal Postal District Courts are also staffed by United States Citizens. They are all Federation Employees and they enforce the Constitutions and the United States Statutes-at-Large and Public Laws as published on the Congressional Record. Post Masters are another example of land jurisdiction United States Citizens. The members of the Coast Guard and Border Patrols are also technically United States Citizens.	(4.) Territorial United States Citizens are called U.S. Citizens to distinguish between them and United States Citizens. Territorial Citizens are now commonly Dual Citizens of the British Commonwealth and the Municipal United States, though they may opt to claim citizenship from another country entirely. They work out of the District of Columbia to enforce U.S. Statutes that are published on the Federal Register and to perform military and quasi-military and military support duties. The U.S. Marshals are private law enforcement officers hired to police the delegated portions of our international (interstate) jurisdiction. Postmasters are U.S. Citizens, as are members of the U.S. Military Services and their Dependents. These people work for the British Territorial United States Government doing business as "the" United States of America and they exercise some of our delegated powers, especially within the International Jurisdiction of the Sea. While in this status, Americans are not Party to the Constitutions and have no Constitutional Guarantees. Shysters like to pretend that we are voluntarily adopting this political status in order to better evade their constitutional duties and the guarantees owed to us. (	(5) Municipal United States Citizens — are known as "citizens of the United States" and as "US CITIZENS" and include the members of the Federal Civil Service, and officers of the actual Municipal Corporation and its franchises and subcontractors which include the so-called Federal Agencies. These are all employees or dependents of the oligarchic Papist Municipal Government of Washington, DC and the District of Columbia and its STATE OF STATE subsidiaries and they basically work to enforce global commercial law and "federal" regulations. They are Dual Citizens of the Territorial United States [the District of Columbia and Insular States], and "the" United States which is meant to be an instrumentality of and doing business "as" name of the Union of States, but has been usurped and operated under the UNITED STATES CONGRESS as an instrumentality and doing business "as" name of the Municipality of Washington, DC and its Congressional Oligarchy allowed at Article I, Section 8, Clause 17. Shysters like to pretend that we are voluntarily adopting this political status, too, in order to evade their duties to us owed under the Constitutions and to promote various crimes against our assets and Persons.

Bottom Line: If you are not actually employed by a Federal Subcontractor and a not a Dependent of a Federal Employee nor a voluntary recipient of unearned Federal welfare benefits nor a political asylum seeker nor a knowing and willing volunteer or paid Agent of the two Foreign "Federal" Subcontractors, you are in fact an American State National

or State Citizen. Your earnings are not "Federal Income" and you are not generally subject to Federal Codes and regulations unless you are engaged in the interstate manufacture, sale, or transport of alcohol, tobacco, or firearms.

They are guaranteed a “republican form of government”. Together, they formed — a Union, a Federation, and a Confederation:

The take-home message to you as an **American** is that you are most likely in the right church, but in the wrong pew. You have, most likely, been mis-identified as a **Federal Citizen** and not counted as an **American State National** or **American State Citizen**. Federal Citizenship is created by the Constitution(s) and therefore, **Federal Citizens** are not **Parties** to the Constitutions and have **no constitutional guarantees** — only “Equal Civil

Rights” that can be suspended. If you want to claim your “Natural and Unalienable” rights and property, you have to declare and record your political status as an **American State National** or **American State Citizen** (that is, a Member of your State Assembly) and you **cannot act as any kind of Federal United States Citizen at the same time** as you participate in your **State Assembly**. The additional message is that a large portion of your

government has been “missing in action” and awaiting “Reconstruction” since the Civil War. This work can only be accomplished by properly organized State Assemblies populated by American State Citizens.

Go to: www.TheAmericanStatesAssembly.net and learn how you can restore your government.

The Actual Structure of the American Government

- A. We are going to correct the Public Record and explicitly reclaim our stolen identity as American State Nationals and American State Citizens.
- B. We are going to assemble our actual States.
- C. Our actual States are going to re-charter Federal level States of States to restore the Federal Branch of the Federal Government to full function.
- D. We are going to invoke the Constitution and Treaties we are heir to, and have done so since 1998 when we first discovered the Great Fraud being perpetrated against us.
- E. We are going to educate ourselves and others worldwide to bring a stop to this pillaging and make sure it never happens again.
